The salient dates and other dividend declaration information announced on 11 February 2022 remain unchanged for the May 2022 Dividend.

South Africa Branch Register: Dividend Rate

The British American Tobacco Group reports in sterling, therefore dividends are declared and payable in sterling except for shareholders on the branch register in South Africa whose dividends are payable in rand. A rate of exchange of £:R = 19.72960 as at 10 March 2022 (the closing rate on that date as quoted by Bloomberg), results in an equivalent May 2022 Dividend of 1074.27672 SA cents per ordinary share.

South Africa Branch Register: Dividends Tax Information

South Africa Dividends Tax (at a rate of 20%), equivalent to 214.85534 SA cents per ordinary share, will be withheld from the gross May 2022 Dividend paid to shareholders on the South Africa branch register, unless a shareholder qualifies for an exemption. After Dividends Tax has been withheld, the net dividend will be 859.42138 SA cents per ordinary share. The May 2022 Dividend is regarded as a ‘foreign dividend’ for the purposes of the South Africa Dividends Tax. For the purposes of South Africa Dividends Tax reporting, the source of income for the payment of the May 2022 Dividend is the United Kingdom.

At the close of business on 10 March 2022 (the latest practicable date prior to the date of the declaration of the South African rand equivalent of the May 2022 Dividend), the Company had a total of 2,289,031,289 ordinary shares in issue (excluding treasury shares). The Company held 167,590,718 ordinary shares in treasury giving a total issued share capital of 2,456,622,007 ordinary shares.
